Mr. Peng is president and chief executive officer of Xilinx, where he also serves as a member of the board of directors. Peng has over 30 years of experience leading technology transformation, defining and bringing to market FPGAs, SoCs, GPUs, high performance microprocessors and chip sets, and microprocessor IP products.

"We're excited to have Victor Peng join the KLA board," commented Edward W. (Ned) Barnholt, chairman of the board of KLA Corporation. "Victor is an accomplished semiconductor industry leader who brings significant business knowledge, technical expertise, and operational experience that will be invaluable to KLA as we execute our strategies for growth and market leadership."

Peng joined Xilinx in 2008 and was named president and CEO of the company in January of 2018. Previously he was Xilinx's chief operating officer, with responsibility for global sales, global operations and quality, product development, and product and vertical marketing. Prior to that, he served as the company's executive vice president and general manager of Products, a position he held since July 2014. Mr. Peng previously held executive roles at AMD, ATI, and MIPS Technologies.

Peng serves on the board of the Semiconductor Industry Association. He earned a Bachelor of Science, Electrical Engineering from Rensselaer Polytechnic Institute and a Master of Engineering, Electrical Engineering from Cornell University. He holds four U.S. patents.
