

Company Information

KLA Corporation develops industry-leading equipment and services that enable innovation throughout the electronics industry. We provide advanced process control and process-enabling solutions for manufacturing wafers and reticles, integrated circuits, packaging, printed circuit boards and flat panel displays. In close collaboration with leading customers across the globe, our expert teams of physicists, engineers, data scientists and problem-solvers design solutions that move the world forward.

Key Market Segments

- Chip Manufacturing
- Wafer Manufacturing
- Reticle and Blank Manufacturing
- Packaging Manufacturing
- Compound Semiconductor Manufacturing
- LED, MEMS and Power Device Manufacturing
- Data Storage and Media/Head Manufacturing
- Printed Circuit Boards
- Flat Panel Displays
- General Purpose and Lab Applications

R&D Investments and Revenue (\$M)*

*does not include Orbotech and its subsidiaries

Founded

Founded in 1997 through the merger of two companies: KLA Instruments and Tencor Instruments
